

Profile of Scientist

1. Name of the Scientist: Dr. R. S. Dohare

2. Personal Bio data:

a) Position/Designation: Principal Scientist (Plant Breeding)

b) Contact Details:

- i. ICAR Email ID:** Radhey.Dohare@icar.gov.in
- ii. Personal Email ID:** drguptavinod57@gmail.com
- iii. Mobile No.:** 09431175837 & 09919737690

c) Joining date in:

- i. ICAR:** 5th October, 1989
- ii. ICAR -IISR:** 21st May, 2012

d) Discipline and Specialization: Agricultural Extension

e) Training/advance exposure in the area of work:

- Agri- Business management-problem in agri-enterprises and training needs
- Office Automation, server, website Design and development- E-linkage to KVKs of VI and ICAR

3. Future Planning of research (in bullets):

- Modulating application of sugarcane production technologies for harnessing production and productivity in farmers' field perspective.
- Gender perspective in sugarcane cultivation

4. Publications (best five):

- Dohare R.S. and Sagar R.L (1999) Farmers' Preferred areas in Goats Production Management for making use of Indigenous Practices and reasons thereof. Indian Journal of Small Ruminants. Vol. 5(1) April, 1999 , 35-38
- Sagar R.L and. Dohare, R.S (2000) Adoption of Health Care in Goats as related to some situational, socio- Economics and Extension Characteristics of Goat Farmers. Indian Journal of Small Ruminants. Vol. 6(1) April,2000, 36-41
- .Khokhar K.S., Dohare R.S and Prasad R.N (2000) *Ek kisan ka anubhav : Adhik evum sthaitva phasal utpadan hetu sansadhan prabandh evum shushk vaniki dwara saphal vriksha ropan*.The bulletin on experiences of Sri Sundaram ji Verma "Kumavat": The recipient of Sri Jagjivan Ram ICAR Award -1997. Published by Division of Agricultural Extension, ICAR, krishi Anusans Bhavan, Pusa New Delhi.12
- Dohare R. S. (2003) Analysis of Constraints in Implementation of Front Line Demonstrations FLDs) as Perceived by Krishi Vigyan Kendras (KVKs) of Zone-VI (Raj. and Gujarat) States. In “Development Initiatives for Farming Community: Extension Strategy”. Seminar paper on National Seminar on Extension Strategy for Promoting Development Initiatives among Farming communities (June 18-20, 2003), Published by IISE and Division of Agricultural Extension , IARI New Delhi-110012 , Chapter 16 ,pages 80-83.
- Dohare R.S., Mandape M.K, Prasad R.N. and Satapathy P.K (2007) Technology Dissemination in Cluster bean- Impact in Arid and Semi-arid Districts of Rajasthan.In “Legumes in Dry Areas” Published by Indian Arid Legumes Society, Jodhpur and Scientific Publishers India, Jodhpur-342001. Pages 534-48
- Dohare R. S., Thakor R. F.and Kumar Rajesh (2013) Perspective of frontline Eetension Delivery System for Economical Emacipation of Sugarcane Farming in Tribal Area of South Eastern Gujarat. Indian Journal of Sugarcane Technology Vol. 28 No. 02:78-81, December-2013 Page 78-81.

5. Other relevant activities of Scientist:

- Implementing the scheme “Mera Gaon Mera Gaurav to hasten the process of Lab to Land in cooperation with KVKs, sugar mills, ATMA for effective demonstration of technologies to the farmers
- Providing information on market rates, market trends, about organizations associated with agriculture for finding solution.
- Creating awareness among the farmers about the climate change.
- Involving Local *Panchayats*, development agencies, NGOs and private organization in the process of social transformation.
- Encouraging ideology of clean and good agriculture techniques for producing quality
